

NEW YORK POST

JUN 2 4 1987

Dagger cloak

SIMON & SCHUSTER is trying to discourage any potential "Deep Throats" who may want to leak information about **Bob Woodward's upcoming CIA expose**. Only half of the tome's title is being revealed — "blank: **On the Secret Wars of the CIA**" — and only 100 non-controversial pages of the manuscript are being released in advance. Meanwhile, Woodward, whose intrepid reporting with Carl Bernstein helped break the Watergate story, has returned to his duties at the Washington Post.
